ARE YOU READY – TO GRACE?

The Engadine lives from its unique beauty and its pulsating contrasts. A place, where history and the future are merging, and a lifestyle becomes the new standard.

Surrounded by impressive nature, a multifaceted world-class hotel world unfolds.

Epicureans, cosmopolitans and nature lovers set the mood. Welcome to St. Moritz, welcome to the GRACE LA MARGNA ST MORITZ.

A NEW DESTINATION

The GRACE LA MARGNA ST MORITZ invites you to discover a new lifestyle 365 days a year. Immerse yourself in an unique cosmos where the space of the Engadine is reflected. A hotel legend comes to life and sets new standards. Welcome to your new home - the first luxurious boutique hotel in St. Moritz.

HISTORY – DANCING WITH THE FUTURE

The “La Margna” was built at the beginning of the 20th century in the Art Nouveau style, characteristic of the Engadine and it is one of St. Moritz’s landmarks, not only because of its privileged location and its fascinating panoramic view of Lake St. Moritz. The GRACE LA MARGNA ST MORITZ combines the glamorous past of St. Moritz, a place of longing, with the demands of a modern and cosmopolitan society. Here, tradition and modernity merge in a zeitgeisty mindset. Lean-Luxury meets Well-Staying.

A LEGEND REBORN

A St. Moritz hotel legend is being given a new lease of life. For the loving renovation of the historic building and the adjacent new building, a boutique hotel with the predicate „luxury lifestyle“ away from the previous standards was created in a prime location.

The London-based architectural firm Divercity Architects has been engaged for the design implementation to provide a breath of fresh air in the Engadine.

The GRACE LA MARGNA ST MORITZ is finally open and ready to welcome the guests: A legend reborn.

A new place-to-be for cosmopolitans and locals awaits you. Be a part of it!
